

# Organ Repairs & Service

The Friends of the Chapel have agreed to provide financial support to repair and service the historic Grade 1 listed Scudamore organ.

Organ Design (Alton) were commissioned to inspect the organ. They confirmed that a major service and other repairs were required (2-3 days work).

## **This included:**

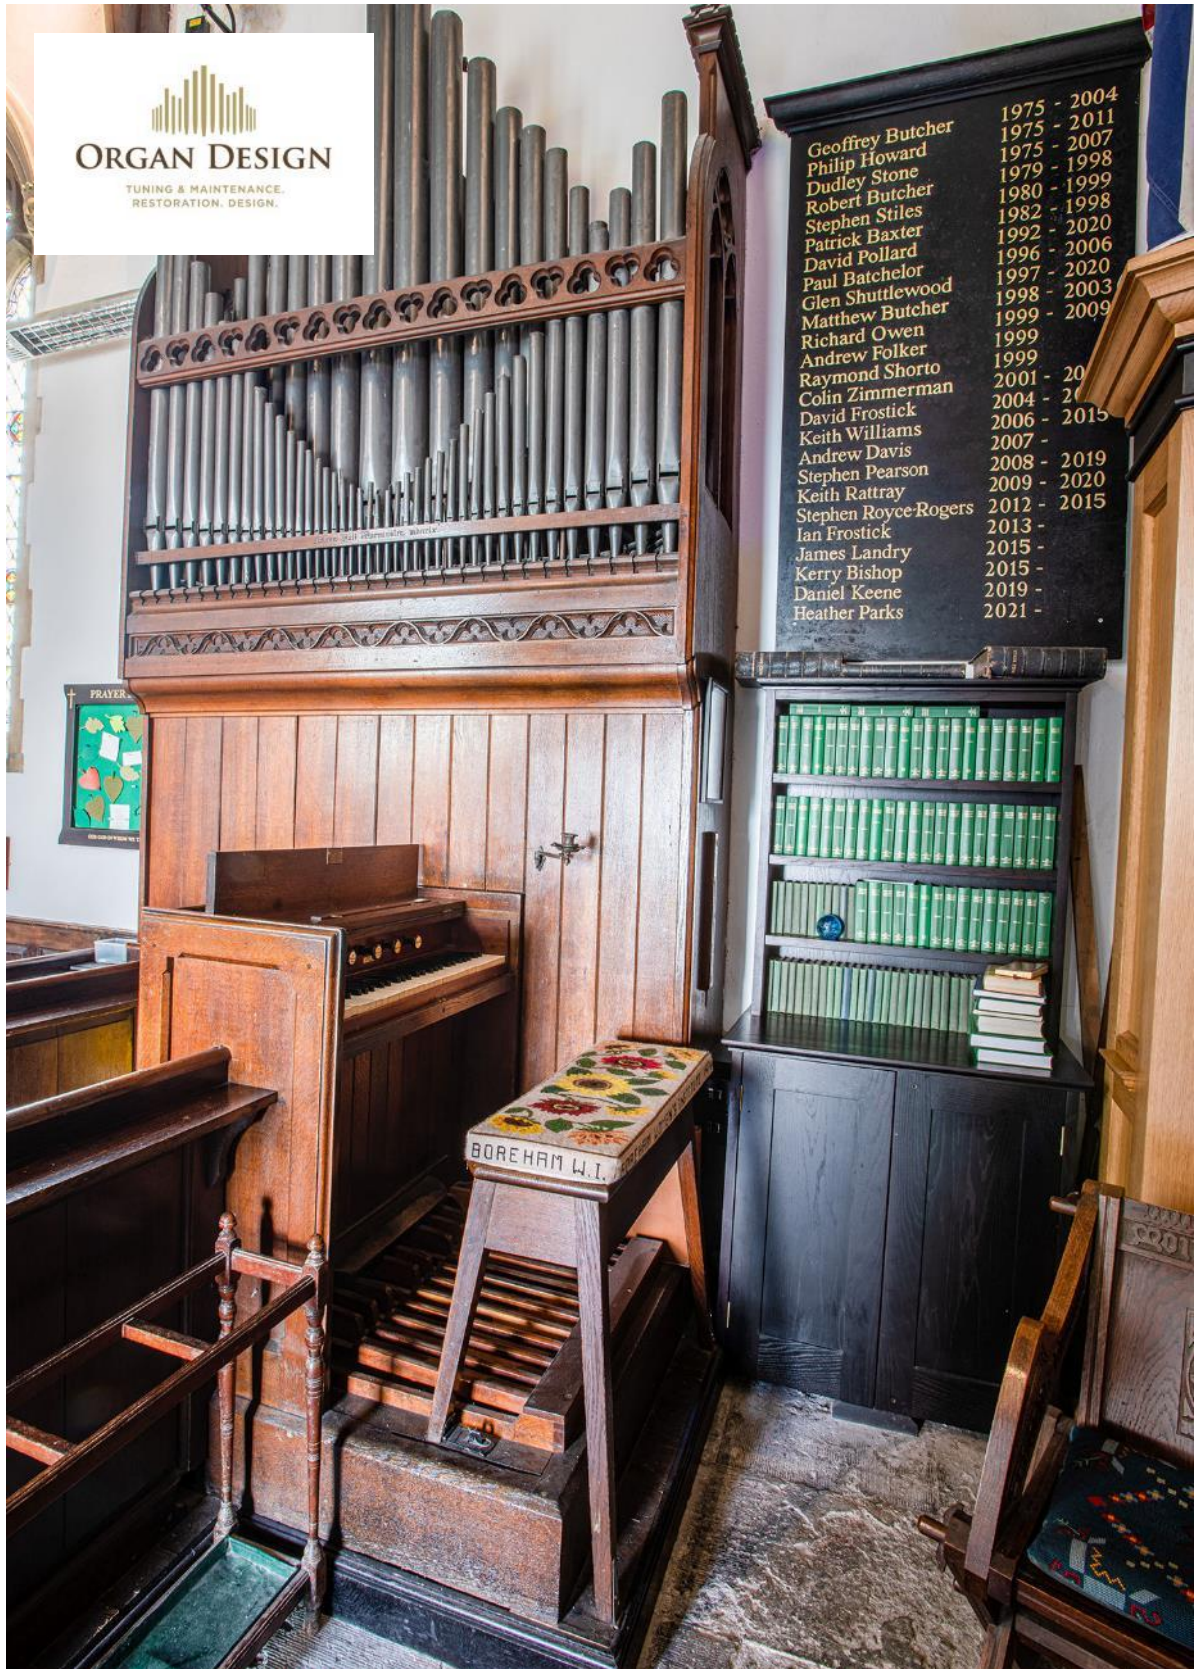

- Retuning
- Adjustments to the keyboard height and actions
- Cleaning of the pipework
- Recoil the blowers
- Woodworm treatment

**Total cost: £1,750 + vat**

After completing this work Organ Design have confirmed that the organ is now in a good state of repair. A biannual service was recommended and full overhaul will be required in the next 25 to 30 years.

**Total estimated guide cost for an overhaul: £18,000 + vat  
(This cost would need to be updated once a date for the work is confirmed)**
